

The 17th IERE General Meeting/Canada Forum

Greg Reimer

Executive Vice-President | Transmission & Distribution

May 17, 2017

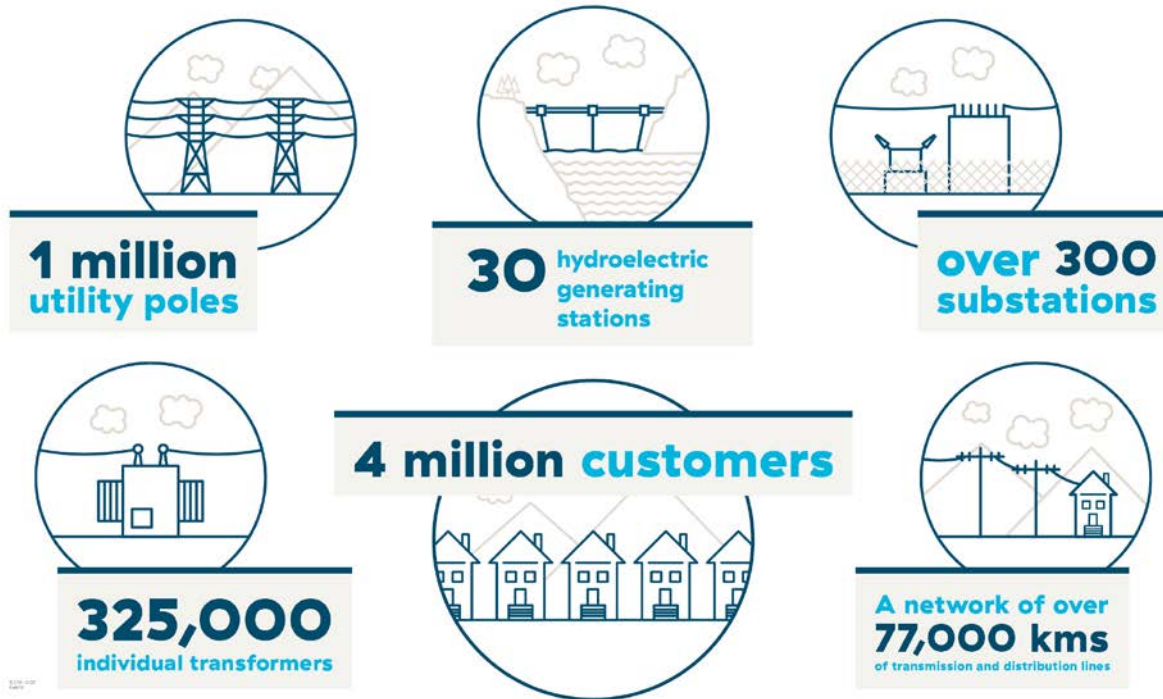

BC Hydro

Power smart

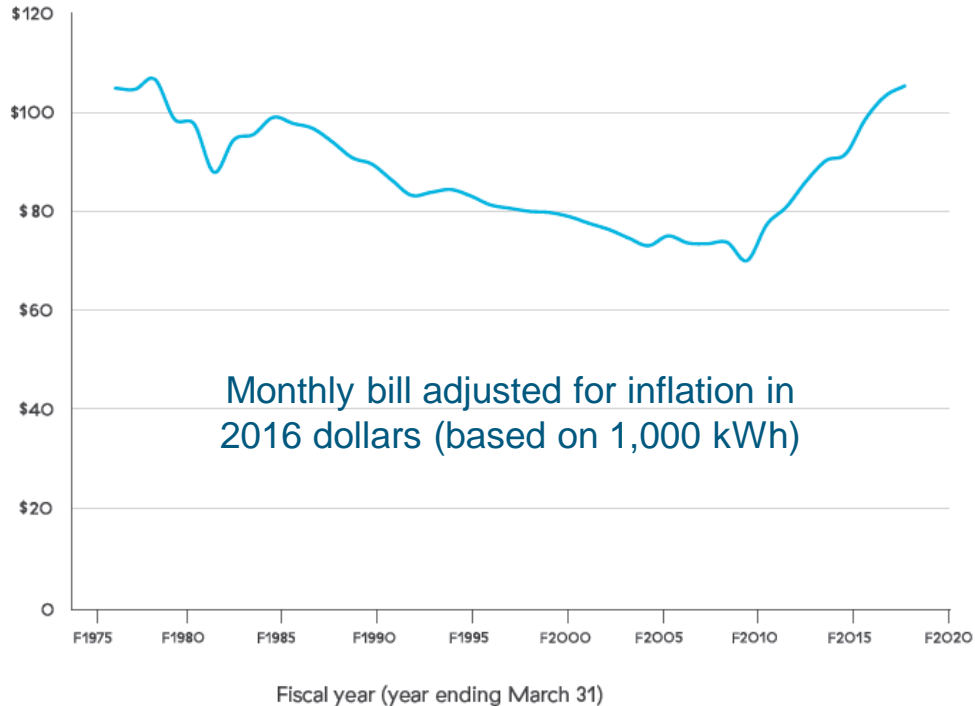

BC Hydro's system

We have a large and complex system serving 95% of the province's population and 4 million customers.

Affordable, reliable, clean

Adjusting for inflation, electricity costs about the same today as it did back in 1976.

Inflation-adjusted average monthly residential bills

1976	\$104.55
2016	\$107.05
