<< 2011 PIESA-IERE TIS-Africa Workshop in Malawi was held in success >>

2011 PIESA-IERE TIS-Africa Workshop was held in Lilongwe, Malawi in August 30th - September 1st co-hosted by PIESA. 74 attendants came from 8 countries. It had very active discussions about the main theme "Smarter Electrification" and was well organized by PIESA secretariat and ESCOM (Electricity Supply Corporation of Malawi).

The 1st day (Wednesday August 31th, 2011) of the Workshop started from the Opening Session with a welcome speech by Mr. Paul Johnson, Chairman of PIESA, Eskom, South Africa, following opening speeches by Dr. Mikio Sato, Secretary General of IERE and Mr. K. Msadala, ESCOM Board Chair. After the Opening Session, the following two sessions were held.

- Session 1: PIESA-Working Groups-Action Plans and Progress
- The progress of SWER (Single Wire Erath Return) project was reported by Electrification WG, and the progress of the environmental guidelines was reported by Environmental WG. Dr. Sato introduced IERE activities and Mr. Bobo, ESCOM, made a brief report of IERE-SGEPRI Nanjing Workshop.

- Session 2: Metering
- Some projects about the implementation on smart meters and prepaid method were introduced, and discussed about their merits and issues.

The 2nd day (Thursday September 1st, 2011) of the Workshop was organized with the following three sessions

- Session 3: Distribution Technology
- Session 4: Asset Management
- Session 5: Smart Grid Technology
- The advantage of micro-SCADA system, Asset Management, and general configuration and merits of Smart Grid were discussed.

Next PIESA-IERE TIS-Africa Workshop is expected to be held in Tanzania in 2013.
