**** Message from IERE Central Office ****

I really appreciate your sincere condolence and deep care to the tragic disaster in Japan. It was a unprecedented earthquake and tsunami, and we had a heavy loss of lives and many missing persons more than twenty thousand. We deeply pray for all the victims of this catastrophic disaster and we should try our best to recover again.

In spite of terrific disaster, all of staff of IERE Central Office and our families are safe, and we have performed daily works as usual.

We expect IERE events in this year, Dusseldorf Workshop(May), Nanjing Workshop(July), General Meeting and Latin-American Forum(Oct.-Nov.) on the original schedule at this moment.

I express my sincere appreciation again.

Sincerely Yours,

Dr. Mikio Sato
Secretary General
